

# ROUND TABLE SPEAKERS

## Guillaume GOUGET

- ❑ **2016** : PhD on boron-rich nanomaterials at LCMCP
- ❑ **2017-2021** : Postdocs in Bordeaux, Philadelphia, Louvain-la-Neuve, and Sorbonne Université
- ❑ **2021** : CNRS position at the Institut des Sciences Chimiques de Rennes

## Lise PICAUT

- ❑ **2017** : PhD on the synthesis of artificial tendon at the INSP and LCMCP
- ❑ **2018** : joined the Innovation department of Hermès as a Biotech Expert
- ❑ **2021** : R&D manager of an emerging team of Chemistry and Leather experts and engineers

## Sarah DIALLO-GARCIA

- ❑ **2012** : PhD in material chemistry and catalysis at LRS
- ❑ **2012** : joined Solvay
- ❑ **2017** : Head of the Mineral Spectrometry and Thermal Analysis Lab at Solvay

## William WATKINS

- ❑ **2018** : PhD on surface plasmon resonance based sensors at INSP
- ❑ **2018** : Head chemist for Bichromatics
- ❑ **2020** : Technology analyst for Yole Development
- ❑ **2020** : R&D Researcher for STOR-H

## Clément LARQUET

- ❑ **2018** : PhD on structural and optical characterization of magnetic nanoparticles
- ❑ **2019** : joined L'Oréal as a Research Engineer in the Optical system and colors team

## Olivier DALSTEIN

- ❑ **2017** : PhD on sol-gel process and micro-nano-fabrication at Collège de France
- ❑ **2017** : Development engineer at SATT Sud-Est
- ❑ **2018** : 3 months at Sanford's greenshell mussels processing unit in Havelock, New Zealand
- ❑ **2021** : Production Manager for La Brasserie du Tichemont

## Léo BOSSARD-GIANNESINI

- ❑ **2018** : PhD on gold nanoparticles work-function and the effect of the functionalization at INSP
- ❑ **2018** : started artistic work (figurative, mixing drawing, engraving and animation)
